THULEMA

Thulema creates 21st century furniture for 21st century offices and public spaces. We follow and pay forward the high level of quality we have set for ourselves both when working with our clients and when making assembling and installing our furniture.

KROG

Krog is one of Thulema's gems. With its total simplicity, lasting originality and reasonable prices, the range has been created with one goal in mind – to give your workstation the full functionality it needs. Krog offers perfect proof of good design not having to be expensive. It just comes with a unique face and a story of its own.

A stylized, handwritten signature in black ink, consisting of the letters 'M', 'P', 'R', and 'N' in a cursive, interconnected style.

SMART USE OF SPACE

Krog lets you create both classical office solutions and modern sets perfect for open space with only a small number of elements. Our smartly designed desktops give you the chance to create individual space-saving combinations next to a wall or set up paired combinations in the middle of the room.

STRUCTURE OF WORK SPACE

Being strikingly simple, Krog has proven to be an affordable furnishing solution for all types of organisations. The range comes with all the needed elements and without any bells and whistles to push up the price.

Krog workstations are formed from functional elements: desktops, storage solutions and a light set of legs unique to Krog. The range holds nothing in excess and meets all the needs for furniture in both open and closed office spaces.

ADDITIONAL ELEMENTS

To top an already perfect solution, brightly coloured additional elements have been added to the range to create comfort with a twist of individuality. A selection of folder holders, desk shelves and customer surfaces to expand the desk are also available for everyone requiring more efficiency. And for extra privacy, Krog offers desk-mounted screens and modesty panels concealing the space under your desk.

MATERIALS

The entire Krog range is made of durable and easily maintainable 22 mm melamine boards, and all its items are available in four different colours and three wood imitations. Krog's drawer units and auxiliary surface cases are made of 19 mm boards and come in light or dark grey, and in white.

Krog's bright additional elements are made of thin and durable MDF board and come in four colours: cream, brick red, lettuce green and violet. The furniture's metal details are available in both grey and white.
